### **Geoff Fontinilla -Vice President**

The rain is nice but if you are like my family and I, we are ready for the sunshine! The other Board members and I have been busy working and planning for the upcoming swim season. The workdays that the pool has goes a long way to the condition of the pool on opening day and throughout the swim season.

We hope to see many of you at those workdays. Please keep the pool in mind for your next party or get together.

Groups

will have use of the pool and have the BBQ Picnic area reserved for the group. Visit the website and download you facility use form for your next party.

Community swim lessons will continue again this season.

The dates and times will be available soon.

Get your suits and towels ready for another great swim season! See you at the pool.

Geoff

**Swim Team - Laurie Hindes and RJ Lavallee**

The 2010 Dewing Park Swim Team season is rapidly approaching. We can't believe that it's actually time to get ready for the season!

Shortly you will see emails about online registration being open. Please also take the time to keep an eye out for the general pool emails. Pitching in on clean-up and work days help immensely when it comes to keeping the season running smoothly. After all, without a well working pool running a swim team becomes more difficult.

As for the coaching staff, you will recognize everyone who's coming back to make 2010 a success. We are thrilled to welcome back Sue and Kim as co-head coaches, and Brian as our trusty chief assistant. We are thrilled that, after a year away, Casey Lawrence will be joining them on deck! Rounding out the staff will be Erin Wolff, Tim Smith and Nick Egan.

The Management Committee has already been meeting, putting all of the pieces in place for the summer: everything from apparel to schedules to socials. And while many of the people behind the scenes often don't get the recognition they deserve, we all need to give Christine Horley an extra special thank you for preparing our new online registration system for the opening of this season.

A separate notice will follow regarding details for how to use this new system, and how you will now be able to sign up for your jobs online too!

Go Seahorses!

Laurie, and RJ

## **Maintenance-Rob Rossi and Kevin Donohoe**

Last year we accomplished many things. We had a new diving board installed, new water pump, upgraded heater and major repairs to the pool deck. At the same time we had to battle numerous pump house break-ins.

We are looking forward to a wonderful 2010 Summer at the pool. We have much we would like to get done again this year. We have begun our clean up days. We need many hands to help make our efforts a success. As reminder, this is a community pool. Lets all pitch in to make it a place we can be proud of.
